

Spring 2 2024 – Home Learning Ideas

Early Years Foundation Stage

Space

You may wish to take the time to complete a project at home this half term. Here are some possible starting points, or you may have an even better idea of your own. Please send your completed project in to school to be shared in class. If you would prefer to send a picture or video, please send them to smorris@arbury.cambs.sch.uk

Your own idea!
Do you have your own exciting idea for a project? We can't wait to see what you come up with!

Make a bottle rocket using an old plastic bottle. You might even like to try and make it fly!

Design a new planet or make a papier-mâché planet using a balloon. I wonder what your planet will be like?

Draw or make an alien. You might like to use playdough or modelling clay. You could draw your alien and maybe even give it a name!
