

Y4 - Autumn 2 - 2023

Our science theme this term is **Animals, including humans**

You may wish take the time to complete a project at home this half term. Here are some possible starting points, or you may have an even better idea! Do bring into school your completed projects.

Art / DT

Make a model of an insect.

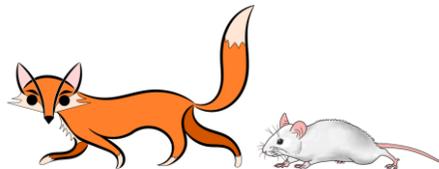

Create a collage of a butterfly or moth using different techniques.

Creative Writing

If any mythical creature existed (unicorn, ewok etc.) which one would it be and why? Create a story of your discovery of this animal and how to peacefully bring it to the world's attention.

Read a book based on an animal and write a review and send it to Mrs Dowdall.

Science / Research

Choose an animal (bird, reptile, mammal or insect) found in Great Britain and create a fact file.

Are all animals' teeth the same? Are the teeth of herbivores, omnivores and carnivores all the same? Create a poster to explain your findings.

Your own idea

Do you have your own exciting idea for a project?

You may wish take the time to complete a project at home this half term. Here are some possible starting points, or you may have an even better idea for a project

Maths

Create a branching data base to identify five living things (including plants).

Find out what the Fibonacci sequence is.
