

School birthday assembly –
9.1.23

Our school opened on 9th January
1956.

We looked at ways we can learn from the photos and artefacts we have in school. Here is a class photo from the 1980s.

This was taken in the school car park in 1960. This car was used to bring a child from Histon to our school.

This photo was taken in 1960 outside Class 9 on the school field. Now, there is a canopy outside the classroom and some huge trees.

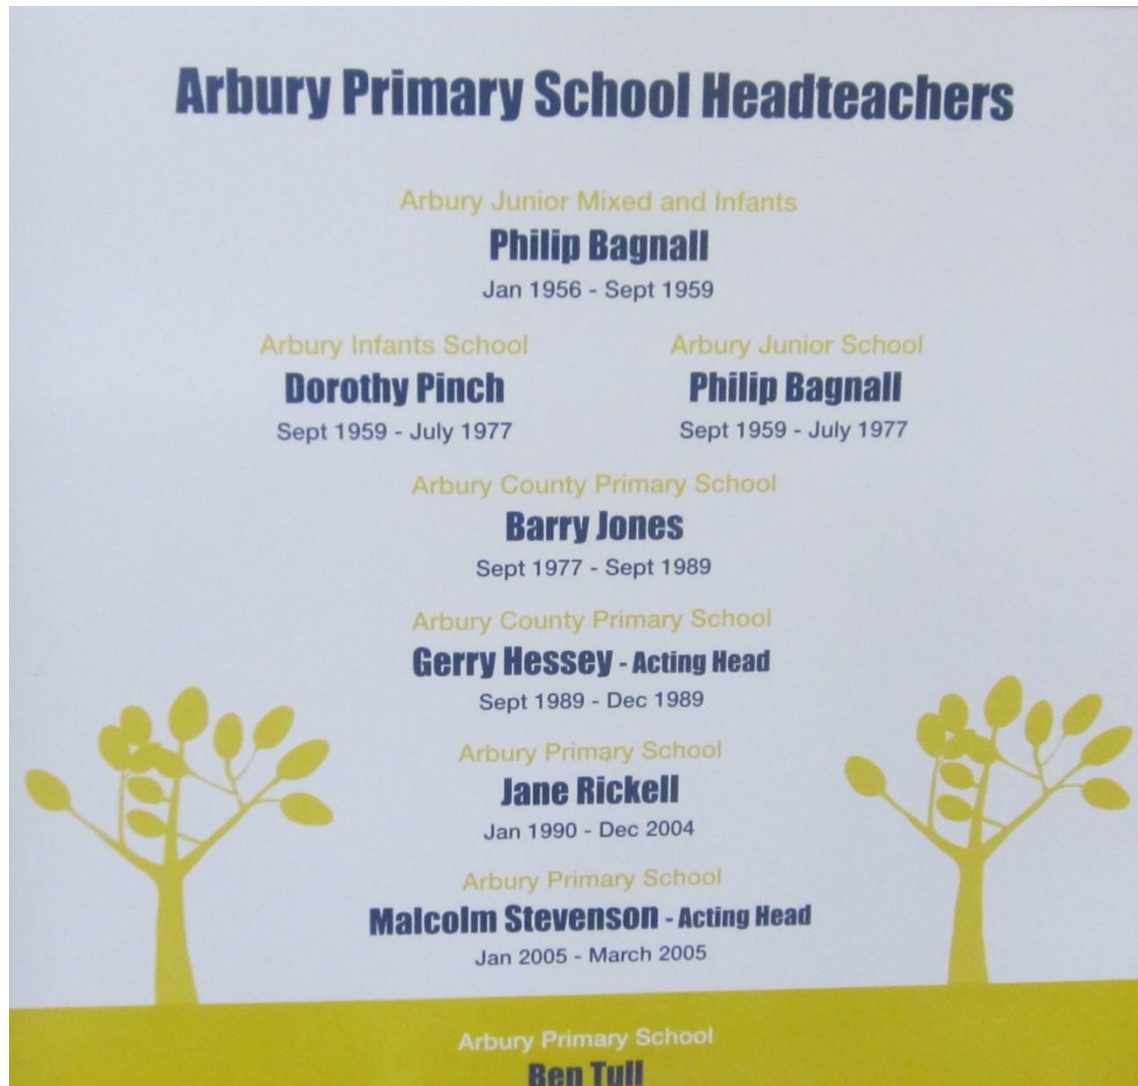

Here is a photo of the teachers from 1960. Mr Bagnall, the Headteacher, is in the middle of the front row. He was head of the school from 1956 until 1977.

This sports shield shows the first school logo of a knight on horseback.

This board is in our main hall and shows all of the Headteachers who have looked after our school since it opened.

Happy birthday, Arbury Primary School

67 years old!
