

Y1 – Summer 1 – 2023

Explorers/

Out and About

You may wish to take the time to complete a project at home this half term. Here are some possible starting points, or you may have an even better idea for a project.

Please bring your project to school if you would like to share it with the class.

Creative Writing

Write a description of a place that you have explored.

Write a story about a polar adventure.

Maths

Make arrays using egg boxes to begin to understand multiplication.

Share things out equally to understand division.
Can you practise finding half and quarters of shapes or objects? E.g. can you cut an apple in half? Can you cut an orange into quarters?

Your own idea

Do you have your own exciting idea for a project? Feel free to make, draw, write or do something about explorers and bring it in to share with the class!

Art and DT

Make a collage of a polar scene.
Paint a portrait of an explorer.
Use junk modelling to design a sledge or a boat!

Explorers/ 'Out and About'

Record the weather for a week.

Look for insects– are they different to the ones you found in autumn/winter?

Research exciting facts about Robert Falcon Scott and Felicity Aspen.
