

Creative – Art / DT etc

- Build a toy using paper, card, tape etc.
- Paint a picture of your favourite toy.
- Make a pop up card.

Y1 - Autumn 2 – 2022

Toys

Out and About

You may wish to take the time to complete a home learning idea this half term. Here are some possible starting points, or you may have an even better idea for a project.

Please either bring your project to school or take pictures/videos which we can share with the class via Seesaw.

Creative Writing

- Can you draw your toys and add labels?
- Write a story about your favourite toy going on their very own adventure.
- Make an information book or fact file about your favourite toys.

Toys/Out and About

- Record the weather for a week.
- Find and draw some toys at home which are made of wood, plastic, metal or glass.
- Can you find out about toys that were used in the past? Are they like yours? How are they similar or different?

Your own Idea

Do you have your own exciting idea for a project?

Maths

- Practise addition and subtraction with your toys at home!
- Go on a number hunt around your house. Can you find all of the numbers to 20?
- Find things around your local area that are 3D shapes.
