

9.2.21

Dear Parents and Carers

**Message from Mrs Rawlins – thank you!**

I will be sending an update on Thursday about learning etc, but felt it was important to communicate with you briefly today, just to say a big ‘thank you’ to you all for the amazing job you have done to sustain remote learning during this half-term.

The past weeks have been incredibly trying and testing for adults and children alike, in school and at home. We have coped with continually changing guidance and expectations, with being in lockdown again, and we have all done our best.

So if you, like me, are feeling very tired, then that is completely normal! If we are all flagging a bit and finding it tough to get through our work (adults and children), that is completely normal too! We are ready for a break next week. We thank you for your support this half-term.

Kind regards

Diane Rawlins  
Deputy Headteacher
